Abstract Expressionism is painting with big brushstrokes and lots of paint.

Abstract Expressionist painters might even put STUFF in their paint or on their canvases! – like paper, metal or plastic pieces and found objects.

Abstract Expressionist painters work very quickly with their paints.

Jasper Johns was also a POP Artist – meaning – he would take things from his culture and paint images of them....e.g..TODAY we might choose to paint a nike shoe or a iPod. These are “things” from our culture. We could paint the picture very large, too!

He was also a very impressive PRINT MAKER - A print maker is an artist that creates ONE piece of artwork and then puts ink on it and prints it....kind of like....a rubber stamp!
